*for Schools and Libraries!*

## The Show

Figmentally is perfect for kids! Our 45-minute school show is crammed with joy and audience participation so your group can join in on the fun. Excellent for **all audiences, ages, and languages**, we use very little spoken language and engage the audience with our physicality and comedy. Figmentally will have your group stoked to a rolling boil of laughter! Kids will leave wanting to read a book - and *join the circus*.

Dive into the world of a curious writer whose uncontrollable imagination overtakes her story. Figmentally is brought to life through HILARIOUS theatrical CIRCUS: part MAGIC, unexpected PUPPETRY, artistic JUGGLING, and acrobatic DANCE. Experience fresh storytelling and illusions that spotlight the wavering line between imagination and reality. Awarded 2 times BEST of FRINGE ★ BEST for ALL AUDIENCES ★ 3x SOLD OUT AWARD ★ MOST BEAUTIFUL PRODUCTION ★ BEST of VENUE

## The Workshops

After kids see Figmentally, they are ready to relive the show! They want to DO it. They want to juggle. They are throwing and catching invisible balls - that's mime! They are pretending chairs and books are alive - that's puppetry! This excitement translates perfectly into teaching. They are more motivated than ever before--because they know how much fun it is!
